Profile

A final-year Computer Science and Engineering student at PES University with a passion for solving real-world problems. I bring a creative approach to designing visually appealing interfaces and front-end development. I'm always eager to learn new things, so I do best in creative environments that encourage continuous improvement.

Education

B.Tech (Computer Science and Engineering), PES University, Bengaluru 2020 – 2024
CGPA: 6.55

Pre-University, Siddaganga PU College 2018 – 2020
Percentage: 72.16

10Th-Board, Siddaganga High School 2018
Percentage: 81.92

Skills

UI/UX Designer

Figma, User Empathy, Wireframing, Prototyping, Visual Design

Database

MySQL, MongoDB

Front-End Developer

HTML, CSS, Javascript, ReactJS

Cloud

AWS

Projects

Stock Gain App, UI/UX-Figma  11/2022 – 02/2023

- Created a user-friendly stock trading platform with a 4 person team using Figma.
- Evaluating stock data to determine what information should all be displayed in the app and ensuring that users are fully satisfied.

IRCTC Train Booking Website Redesign, UI/UX-Figma  06/2023 – 07/2023

- Redesigned and implemented a user-friendly and responsive interface for the IRCTC train ticket booking website using Figma.

ATM Simulator, Java and Web Development  11/2022 – 04/2023

- Developed an ATM emulator for Java consoles, enabling users to perform 6 banking operations.
- Implemented 5 different object-oriented programming concepts to enhance the project's design and functionality.
- Used a Model-Controller-View (MVC) architecture to divide and arrange tasks, enhancing scalability and maintainability.

Bus Booking Management System, Database Management System  12/2022 – 07/2023

- Built a console-based Java bus booking management system that enables users to see, modify, and reserve tickets for various bus routes.
- Used the 6 principles of object-oriented programming and 5 file handling techniques.

Achievements

AWS Educate Introduction to Cloud 101  04/2023

The Complete Web Development Bootcamp  07/2023

Track words with NLP using Python, PESU I/O 09/2022
